13.06.565 Marijuana Businesses (New Section)

A. Intent. In November 2012, Washington voters passed Initiative 502, which establishes precedent for the production, processing and retail sale of marijuana for recreational purposes. Pursuant to RCW 69.50, the State has adopted rules establishing a state-wide regulatory and licensing program for marijuana uses (WAC 314-55). It is therefore necessary for the City to establish local regulations to address such uses.

It is the intent of these regulations to ensure that such state-licensed uses are located and developed in a manner that is consistent with the desired character and standards of this community and its neighborhoods, minimizes potential incompatibilities and impacts, and protects the public health, safety and general welfare of the citizens of Tacoma. Recognizing the voter-approved right to establish certain types of marijuana businesses, it is also the intent of these regulations to provide reasonable access to mitigate the illicit marijuana market and the legal and personal risks and community impacts associated with it.

B. Applicability. The provisions of this Section shall apply city-wide. The specific development standards provided in this Section shall be in addition to the zoning and development standards generally applicable to the proposed use and the relevant zoning district.

1. No use that purports to be a marijuana producer, processor or retailer, as defined and regulated herein and in WAC 314-55, that was engaged in that activity prior to the enactment of this ordinance shall be deemed to have been a legally established use or entitled to claim legal non-conforming status.

2. For purposes of this Section and the standards applicable to state-licensed recreational marijuana uses, the terms and definitions provided in WAC 314-55 shall generally apply unless the context clearly indicates otherwise.

C. Standards.

1. Marijuana uses (marijuana producer, marijuana processor, and marijuana retailer) shall only be permitted as allowed under RCW 69.50 and WAC 314-55.

2. Marijuana uses shall only be allowed within the City of Tacoma if appropriately licensed by the State of Washington and the City of Tacoma, and operated consistent with the requirements of the State and all applicable City ordinances, rules, requirements and standards.

3. Marijuana uses shall only be allowed in those zoning districts where it is specifically identified as an allowed use (see the zoning district use tables, Sections 13.06.100, -.200, -.300, and -.400 and Chapter 13.06A).

4. Marijuana uses shall be designed to include controls and features to prevent odors from travelling off-site and being detected from a public place, the public right-of-way, or properties owned or leased by another person or entity.

5. Marijuana retail uses shall not include drive-throughs, exterior, or off-site sales.

6. In accordance with WAC 314-55-147, marijuana retail uses shall not be open to the public between the hours of 12 a.m. and 8 a.m.

7. Signage and advertising shall be allowed only in accordance with the standards set forth in TMC Sections 13.06.520 - .522, the additional standards set forth in WAC 314-55, and any other applicable standards or requirements.

8. Displays against or adjacent to exterior windows shall not include marijuana or marijuana paraphernalia.

9. Location requirements.

a. As provided in RCW 69.50.331 and WAC 314-55-050, marijuana uses shall not be allowed to locate within 1,000 feet of public parks, playgrounds, recreation/community centers, libraries, child care centers, schools, game arcades, and public transit centers. For purposes of this standard, these uses are as defined in WAC 314-55.

b. Marijuana retail uses shall not be allowed to locate within 1,000 feet of correctional facilities, court houses, drug rehabilitation facilities, substance abuse facilities, and detoxification centers.

c. The methodology for measuring the buffers outlined above in subsections 8.a and 8.b. shall be as provided in WAC 314-55.

c. It shall be the responsibility of the owner or operator of the proposed state-licensed marijuana use to demonstrate and ensure that a proposed location is not within one of the buffers outlined above in subsections 8.a and 8.b.

d. An existing nonconforming use located within a zoning district that would otherwise not permit marijuana uses, such as an old convenience store in a residential district, shall not be allowed to convert to a marijuana use.
